

**Food Caches**

Ranger stations at Yosemite do not accept food packages. Post offices in Yosemite Valley (all year) and Tuolumne Meadows (approximately mid-June through mid-September) accept food packages mailed care of General Delivery. Mark packages with "hold for hiker until [date]." Packages not so marked will be held for 15 days. Packages containing food should be marked so that postal employees will store it properly. Please do not send perishables. Private delivery companies (e.g., UPS, FedEx) do not deliver to general delivery addresses.

Below is the label used to mail your food package to Tuolumne Meadows.
